## PERSONAL INFORMATION DISPUTE

In addition to the account disputes above, I am formally disputing the following inaccurate personal information appearing in my TransUnion file under FCRA § 611(a):

### 1. Incorrect / Unauthorized Name Aliases (AKA)

My TransUnion file contains the following name variations that are NOT my name and should never have been associated with my file. These incorrect aliases may be causing a MIXED FILE situation where accounts belonging to other individuals are being reported on my credit report:

| Incorrect Alias         | Action Required                               |
|-------------------------|-----------------------------------------------|
| ROPCARDERS EUGENE KELLY | Remove immediately — not my name              |
| ROYCARDOES ELIAS KELLY  | Remove immediately — middle name is incorrect |
| ROPCARDES EUGENE KELLY  | Remove immediately — not my name              |

**My correct legal name is: ROYCARDOES KELLY.** All other name variations must be removed from my file immediately. Under FCRA § 611(a), TransUnion must investigate and correct all personal information errors. A mixed file caused by incorrect aliases can result in civil liability under FCRA § 616.

## 2. Incorrect / Old Address Removal

My current and only verified address is: **1510 Fatherland St, Nashville, TN 37206**. My file contains over 12 historical addresses dating back to 1997, many of which I do not recognize. I request that TransUnion remove all addresses that are not verified as connected to my current or recent residency. Stale, unrecognized addresses on file increase the risk of a mixed file and identity theft.

## LEGAL GROUNDS

- FCRA § 611(a) — Right to dispute; CRA must reinvestigate within 30 days
- FCRA § 611(a)(5)(C) — CRA must delete or correct information found to be inaccurate
- FCRA § 605(a)(4) — Adverse items older than 7 years from DOFD must be excluded
- FCRA § 623(a)(1) — Furnishers must report only accurate information
- FCRA § 623(a)(5) — Furnishers must report the correct Date of First Delinquency
- FCRA § 604 — Hard inquiries require permissible purpose; unauthorized pulls must be deleted
- FCRA § 611(a)(7) — Consumer right to description of reinvestigation procedure
- Mixed File Doctrine — Incorrect AKA names create risk of inter-consumer file mixing; must be corrected

## DEMAND FOR ACTION

- Reinvestigate all disputed accounts within 30 days
- Delete all accounts and inquiries that cannot be fully verified
- IMMEDIATELY remove all incorrect AKA name aliases from my file
- Remove all unrecognized historical addresses
- Forward this dispute and all documentation to each furnisher per FCRA § 611(a)(2)
- Provide written notice of results within 5 business days of completion per FCRA § 611(a)(6)
- Send corrected report to all creditors who received my file in the past 6 months per FCRA § 611(d)

## NOTICE OF INTENT TO SUE

Failure to comply will result in civil action under **FCRA § 616** (willful noncompliance: \$100–\$1,000 statutory damages per violation + punitive damages + attorney fees) and **FCRA § 617** (negligent noncompliance: actual damages + attorney fees). I will also file complaints with the CFPB and Tennessee Attorney General.

## ENCLOSURES

- Government-issued photo ID
- Social Security card

- Proof of current address (1510 Fatherland St)
- Supporting documentation for each disputed account

---

I declare under penalty of perjury that the foregoing is true and correct.
